

Chew Magna Farmhouse with Spa

This countryside farmhouse is full of character and 'oldie worldly' charm and sleeps up to 15/16 people. It is surrounded by beautiful scenery, is five minutes' walk to the upmarket village of Chew Magna (with its three pubs, deli, and supermarket) and only 25 minutes drive to Bristol and 30 minutes to Bath. The owners live next door and are used to celebrations / hen parties and music inside the cottage.

When you enter the cottage there is a kitchen which leads through to a dining room (seats 15/16 people). The kitchen has fridge, microwave and range cooker. The dining room leads on to the main hallway and on to the large sitting room with open fire (logs provided), sofas and TV/DVD. The hallway also leads to a beautiful garden and the stairs to the 1st floor. There is also a ground floor triple bedroom and toilet and shower room.

On the first floor are four bedrooms. One single room and three twins, two of which have en-suite shower rooms. On this floor is the main bathroom with separate shower cubicle and bath with shower head.

Another flight of stairs takes you into the attic rooms where there are another two twin bedrooms, one with en-suite shower room. If there are 15/16 people there are two additional Z-beds.

The garden has tables/chairs and a gas BBQ. There is a courtyard at the back of the house with plenty of parking and there are horses in the surrounding fields.

Some recent testimonials from groups who stayed in the cottage

We had a ball!!!

Thank you so much for all your help, everything went to plan. The house was amazing all higglety piglety with loads of character! The spa amazing and the therapists great, making everyone feel really relaxed.

There is already talk of a reunion next year.

Thanks again

Good Morning

Just wanted to write and say thank you for all your hard work putting together our weekend, we had a wonderful time and everything ran like clock work.

The cottage was stunning and Britta and her husband were wonderful, as soon as we arrived we felt so welcome. They were so helpful with any questions and once we had settled in pretty much left us to it...! Our mini bus driver on the Friday Nick was bang on time for arrival and collection and was a lovely chap, we had Julie on the Saturday who as a bonus gave us a mini guided tour of Bath...again she was on time, and good fun.

We had the dinner at Browns on the Friday which I can totally recommend to any other hen parties as they were amazing and the service and food was outstanding!! PoNaNa's was good fun and they were very helpful in going that extra mile and decorating our VIP table for us!

Saturday we had the glass blowing at Bath Glass which was fantastic! I didn't know what to expect, but our Mr Darcy was a brilliant and funny host! And there was a lot of innuendo and all the girls enjoyed it...it was the perfect and affordable activity especially as we were all a bit sore in the head from the night before!!

The spa barn was AMAZING!!! With the added bonus of the sun shining we were all able to laze around the pool (although no one went in...still a bit too chilly for that!) but the hot tub was a success!! The ladies that looked after us were so friendly and everyone had a good natter and a giggle, especially with Sharon!! She has a few stories to tell!!!!

Saturday evening we had Annette the chef who was fab....she just wanted to be left to it which meant we could relax and have a few drinks in the lounge, she was extra lovely and cooked the canapés we had brought! And even washed up!!! AMAZING!!

Over all it was a wonderful weekend, on departure we knocked to say good bye to the owners but no one was home, please could you pass on our thanks and let them know what a beautiful home they have!

Again just want to thank everyone that was involved and I will be in touch very soon as I have ANOTHER weekend to plan for the end of July!!!

Kind Regards

Hi Vikki

We had a fantastic time at the cottage - some of the girls told me it was the best hen weekend they had ever been on! It was such a perfect setting for our stay, the cottage itself was so welcoming and inviting, especially with the fire lit, the beds were all comfy, breakfast was plentiful, I literally have no complaints. The activities also went down really well and I think I can safely say we could have spent the week there!

Can I just ask if the cottage is available over Christmas time? My boss asked me and I said that I would ask the question?

Thanks for all your help Vikki

Kindest regards

Hi Vikki

Many thanks for organising last weekend for us. The cottage was fantastic and the spa facilities were great. Everyone had a wonderful time.

Many thanks and regards
